Custom 4 Eye Whipsock Order Form

4 Eye Whipsock

| Nominal Hose Size | Hose OD | Eye Length |
|-------------------|-----------------------------|------------|
| 3/8" | 0.315 - 0.5512" / 8-14 mm | 3.15" |
| 1/2" | 0.5515 - 0.7874" / 14-20 mm | 3.94" |
| 7/8" | 0.7874 - 1.181" / 20-30 mm | 5.51" |
| 1" | 1.181 - 1.575" / 30-40 mm | 6.69" |
| 1 1/4" | 1.575 - 1.969" / 40-50 mm | 6.69" |
| 1 1/2" | 1.969 - 2.362" / 50-60 mm | 9.84" |
| 2" | 2.362 - 2.756" / 60-70 mm | 9.84" |
| 2 1/2" | 2.756 - 3.346" / 70-85 mm | 10.63" |
| 3" | 3.346 - 3.937" / 85-100 mm | 13.39" |
| 3 1/2" | 3.937 - 4.724" / 100-120 mm | 14.96" |
| 4" | 4.724 - 5.512" / 120-140 mm | 15.75" |
| 6" | 5.512 - 7.087" / 140-180 mm | 16.54" |

When ordering a Whipsock for your application it is critical to measure the **exact OD** of the hose. The ID of the hose is always constant but the **OD** will vary depending upon the manufacturer and application. Not specifying the exact **OD** of the hose will result in a Whipsock that does not fit properly, will have the wrong grip length and can result in bodily harm if a failure occurs. Standard eye length is shown in the above chart. This is the minimum but you can specify a longer length.

All custom made Whipsocks will be built to the specifications that you (the customer) provide and are non-returnable if there is a fitting issue.
